## FLORIAN MACEK

Florian is a stand up all around good guy. He is the kind of you would bring home to your parents. We can't lie, his peak physical form keeps viewers coming back to his Instagram, but he also offers inspiration to those that want to improve their fitness. Don't be fooled by his shy smile, he is an adventurous spirit, which you can see when he shares his travel stories of his time in the tropics. His closely cut suits and leather jackets are his favorite, which make him look like an established fashionable young man. Because of his good looks, wavy hair, and striking form, he captures his audiences attention, but his down to earth persona keeps people coming back for more. So will you get the sweet Florian or the daredevil...? You'll only know once you meet him.
